DR. KARNAM,

YOU PERFORMED A ROUTINE SCREENING COLONOSCOPY ON ME ON MARCH 25, 2021 AT SALT LAKE REGIONAL HOSPITAL. DURING THE PROCEDURE, YOU DETECTED A NODULE ON MY PROSTATE GLAND. YOU BROUGHT THIS NODULE TO MY ATTENTION AND INFORMED MY REGULAR PHYSICIAN

FOLLOW-UP PROSTATE BIOPSY DISCLOSED AN AGGRESSIVE PROSTATE CARCINOMA. AS A RESULT OF YOUR DILIGENCE, I WAS ALERTED TO A SERIOUS MEDICAL CONDITION WHICH MIGHT OTHERWISE GO UNDETECTED. I AM NOW BEING TREATED BY A UROLOGIST FOR THE CANCER.

THANK YOU FOR YOUR EXCELLENT CARE AND ATTENTION TO DETAIL IN MY CASE.

SINCERELY,

DAVID

Dr. Karnam ~

I should have sent this months ago, but surgery and chemotherapy kind of put a damper on things!

I just wanted you to know how much I appreciate your care and kindness during a stressful and unexpected diagnosis.

You went above and beyond when ordering a CT scan that showed a pancreatic mass, then went on to make sure I got a biopsy with the best physician the following week.

Your text messages really made me feel important and that you cared about me as a person not just a patient.

- April 1, 2020 -

Your referral to Dr. Mark Ott was a blessing - He was a wonderful surgeon.

I currently have 5 more chemo infusions left.

- A Lot -

It's been very hard, but I have you to thank for the early diagnosis and treatment to extend my life -

Thankyou, thankyou, thankyou!

- Celeste Southwick.

Dear Dr. Farnum,
You're a lifesaver! Thank you so
much for continually checking on Allan
during his hospital stay and making
the event-changing calls that allowed
his heart to be affected for the better.
We appreciate you taking time away
from your family to answer my frantic
calls - even on a Sunday. Our entire
family is grateful to have Allan in your
care.
Sincerely, The Oversteths

Dear Dr. Karyan,

There are not enough words to describe how very much we are indebted to you for helping to save Paul's life.

You are the most amazing doctor we have ever met. You have given us so much compassion and reached out to help us when we needed help so desperately. Thank you with all our hearts. Thank you for guiding us and watching over Paul. You will always have a very special place in our hearts. We are so very grateful to our sweet nephew, Steven Ruiz for guiding us to you. He is also a special angel in our life.

We will forever remember you and hope that we will be able to see you again some day.

Sincerely,

Paul & Pam Pitts

Dear Dr. Karnam,

Thank you for saving my life. It took an intelligent and
entire physician to investigate and discover something that
would have wasted my life away before the age of 40. You care.
I am touched by your ability to show that caring and do
what you do in the time you have. Your quick and attentive
manner sought out the problems in my health; problems that
could have taken years and much suffering without you. My
family and I are so grateful to you and will always
call you friend.

Dr. Smith, Donna & Med Asst. (forgot name)

I would like to thank all three of you for taking such great care of me Feb 1st in your Holiday office.

You all were so kind, professional, and made me feel as if I was being treated by family. You 3 are the 'gold standard' in treating patients! Thank you so much!

Appreciatively, Steve Boyle
(Thank you for the Pedialite also)

Our family is eternally grateful for Dr. Karnam. We arrived at Dr. Karnam's office in dire need of a miracle. Our father was awaiting a kidney transplant but had become so ill and wasn't able to eat or drink for quite some time and had lost close to 90 lbs. A different gastroenterologist had put a feeding tube in dad, but we didn't have any luck with him. Dr. Karnam was so compassionate. He took the time to listen and understand our frustrations. Frankly, we had run out of hope. Dad asked, "can you help me?" He said, "I will make you better!" That one sentence gave dad hope and a will to keep fighting. Dr. Karnam also gave us his personal cell phone number to call at any time. At each appointment Dr. Karnam made us feel like dad was his only patient and like nothing else in the world mattered to him other than making him well. Dr. Karnam was able to find the causes of the stomach troubles and soon had dad back to eating normal food again and gaining weight back. Fast forward a few months. Dad has now received his kidney transplant. Guess who made a visit to see us in the hospital? Dr. Karnam! He will forever be a part of our family! If it weren't for him our father would not be alive today. We could go on and on about this wonderful man. His name of "Gut Whisperer" fits him to a T. We recommend Dr. Karnam to everyone we see. RUN to Dr. Karnam. He is the absolute BEST.

You make the world
a better place
for all those whose lives
you touch.

Hope all the good care
you give to others
comes back to you.

Thank You

THANKS TO DR. KARNAN
AND HIS STAFF FOR
MAKING MY LIFE WHOLE
AGAIN. I AM FOREVER
GRATEFUL FOR THE PEACE
OF MIND AND AM ONCE
AGAIN LOOKING FORWARD
TO THE FUTURE!
